Dear Mr. Nagappa,

We have addressed the Presidents of the Bangalore and Mysore City Municipalities and all the eight Presidents of the District Boards to kindly select and depute a respectable lady of middle class family to be trained as a midwife and maternity nurse in the Civic Association Hospital proposed to be started in Bangalore under the auspices of our Association, the cost of training, viz., Rs.35/- per month being borne by the respective Municipalities and District Boards.

The aims and objects of the scheme and the cost involved are clearly set forth in the letter and its annexure, copies of which are enclosed for your kind perusal.

I shall be obliged if you will kindly interest yourself in the matter and address a demi-official communication to the Presidents requesting them to give the scheme their most

Copy of letter dated 4th January 1925 rom the Honorary
Secretary, Civic & Social Progress Associati n to the Presidents
of Bangalore and Mysore City Municipalities nd the Presidents
of the eight District Boards.

I have the honor to state that at the eeting of this
Association held on the 2nd ultimo, it has h en resolved to open
a Civic Association Hospital in Bangalore or the lines suggested
by Rao Bahadur Dr. C. B. Rama Rao, M.D. (Cop enclosed.)

The idea is to give training in practi al midwifery and
maternity nursing to a few respectable ladi of middle class
families like widows and others who can aff d the time and
opportunity to be of service to the communi and at the same
time eke out a living for themselves. The prevailing high
infant mortality renders it necessary to mai all possible efforts
to place within the reach of people of all ades of society
qualified midwives and nurses who would be le to cater to the
needs of the respective sections. And the cannot be too many
of such midwives, considering the ignorance that prevails about
the care to be taken of the health of mothers before and after
delivery and the high death rate among the new born babies.

It is therefore proposed to start a hospital where service will be rendered by experts purely out of love for the work and in the spirit of self sacrifice for the good of the community. The proposal is one that, I am sure, will commend itself to your Board and I am terefore to request that you will kindly interest yourself in the scheme and select and send for training a suitable lady from your District, the cost of training being borne from your Board as suggested in the notes enclosed.

I request the favour of your communicating the decision of your Board at a very early date so that arrangements for the starting of a hospital may be made without further delay.
